REPORT OF OFFICIAL RECOUNT

Pursuant to California Elections Code Sections 15620 and 15629, the County of San Benito conducted the manual ballot recount for City of Hollister, Council District 2 contest. The recount included ballots cast by vote-by-mail and in-person.

On Monday, December 5th, the election official received a written recount request within five days of certifying election results. The recount began on Wednesday, December 7th at 12:00 p.m. when the elections official received a first payment. The request specified a manual recount of all batches for the City of Hollister, Council District 2 contest.

The two manual recount boards completed their recount on Wednesday, December 14th at 9:30 a.m. when the recount board tallied the last ballot. Upon completion of the manual count, the requester examined the recount board tally sheets, compared machine to manual counts, reviewed manual recount results and discrepancy report, and performed a physical examination of ballots. This was completed on Wednesday, December 14th at 2:30 p.m.

As provided in California Elections Code Section 15633, the official recount results are as follows:

CANDIDATES	MACHINE COUNTED	*MANUAL COUNTED
Rolan Resendiz	983	983
Celeste Toledo-Bocanegra	557	557
Hani Mayzouni	320	320
Sergio Montanez	178	179
Undervotes	13	14
Overvotes	141	139

***EXPLANATION PROVIDED IN DISCREPANCY REPORT**

The manual recount resulted in one discrepancy. The recount board interpreted one ballot differently than the election adjudicators. This resulted in Sergio Montanez obtaining one additional vote. The discrepancy is attributed to human error. No machine discrepancies were found during the recount.

Pursuant to California Elections Code Section 15632 and California Code of Regulations 20822, the election official did not find any notable discrepancies to necessitate recertification.

JOE PAUL GONZALEZ, County Clerk/Registrar of Voters

Discrepancy Report

Batch	Discrepancy			Explanation
	Machine	Manual	Diff	
1 – 60	1 Resendiz 1 Toledo-Bocanegra 1 Mayzouni 2 Undervote	1 Resendiz 2 Toledo-Bocanegra 1 Mayzouni 1 Montanez 0 Undervote	+1 Bocanegra +1 Montanez -2 Undervote	<p>Machine counted 2 cards as undervotes. These were ambiguous marks (less than 23% of bubble filled). The machine determined undervotes. The *adjudicators failed to properly mark these as actual votes.</p> <p>The first (Card #71) should have been marked as an overvote. Additionally, the recount board counted this as a vote for Toledo-Bocanegra. That tally was removed and the overvote set to stand.</p> <p>The second card (Card #73) should have been marked as a vote for Montanez and was properly counted as such by the recount board.</p>

***Adjudication is the process of operators visually looking at a digital image of a ballot and determining the voter intent.**
